

Join VetMENT Mentoring Program!

VetMENT is a mentoring program for **all** academic young researchers at the Vetsuisse Faculty. It starts on October 3rd 2019 and will run for 18 months.

The goal of VetMENT is to guide and support you along your academic career. You will have a mentor helping you to reflect your career steps and supporting you in building and enlarging your networks. This person might also be of help in any decision making process. You will also get to know peers within the Vetsuisse Faculty and have the possibilities to gain transferable skills through training and monthly group-coaching.

Are you interested? Would you like to know more about the program? Then, please, join the **information meeting** on Wednesday September 25th, 2019 at 12:20 to 12:50 in the Fakultätszimmer, Länggassstrasse 120, Uni Bern.

Application form on [http https://www.vetsuisse.unibe.ch/ueber_uns/nachwuchsfoerderung_und_gleichstellung/index_ger.html](http://https://www.vetsuisse.unibe.ch/ueber_uns/nachwuchsfoerderung_und_gleichstellung/index_ger.html)

Please, hand it in asap to silvie.klein-franke@vetsuisse.unibe.ch and for further questions contact Silvie.
